

2021 IMPACT REPORT

INTERNATIONAL RETT SYNDROME FOUNDATION is laser-focused on creating a world without Rett syndrome. We are ALL IN for a cure and families. Your generous support accelerates the best research and breakthrough discoveries in Rett syndrome while helping families thrive through IRSF resources, advocacy, and empowerment.

ACCELERATING RESEARCH

15% THERAPEUTIC PIPELINE & CLINICAL TRIAL READINESS

We've set the stage to attract more companies to invest in Rett syndrome and are doing all we can to ensure promising treatments and cures succeed in clinical trials.

5% MENTORED TRAINEE FELLOWSHIP

We are building the bench of Rett syndrome researchers who will unlock the mysteries of Rett syndrome and help us achieve our vision.

80% GLOBAL MECP2 RESEARCH

Understanding and repairing the gene that causes Rett syndrome is our number one priority.
